

RETA LILA WESTON
TRUST

New Funding Opportunity

Reta Lila Weston Trust Program Grant 2020

Microbiome, Brain Health, and Ageing

Up to **£750,000** over a maximum of **48 months**

Funding research that leverages the microbiome to prevent, address and treat brain disease, in areas of neurodegeneration, cerebrovascular disease, and age-related cognitive decline

ELIGIBILITY

Lead Applicant must be:

- At or above the level of lecturer/assistant professor.
- At an academic institute in the United Kingdom

The Project must:

- Establish an innovative line of **translational research** and **provide proof-of-principle evidence** in support of new therapeutic or health applications.
- Catalyze **longer-term** bench to bedside initiatives that seek to move therapies from discovery through **application**.

PROGRAM FOCUS

Neurodegenerative Diseases
Cerebrovascular Diseases
Age-Related Cognitive Decline
